READY TO ASSIST IN FORT MCMURRAY!

Hazmasters helping to rebuild Fort McMurray

Hazmasters is working with companies in Fort McMurray to begin the clean-up and rebuild after the devastating fires. We are working closely with our partners to provide products and services to get things back to normal.

Our thoughts remain with those affected by the fires in Fort McMurray. We are here to help and support. Please reach out to us if there is anything we can assist with.

Our team is ready to help with local product and trained staff in Fort McMurray so we can best support our customers and respond quickly to their needs.

Starting June 20, 2016, we are located at:

385 Mackenzie Blvd., Unit #100
Fort McMurray, AB T9H 5E2
(Hazmasters/WESCO Fort McMurray Branch)

Contact: Zach Sullivan
Local phone: (587) 919-5919
Hotline: 1-888-768-6468

In addition to product supply and recommendations, Hazmasters will also be providing the following services in Fort McMurray:

- 24/7 emergency service
- DOP/PAO testing of HEPA filtered equipment
- Respiratory fit testing
- Equipment repairs and maintenance with quick turn around to get it back in the field fast

For additional information or inquiries, please contact us at connect@hazmasters.com.
