

**Three powerful
protection brands.
One simple system.**

Finding DuPont protective apparel just got easier.

We've simplified our product identification system by replacing the original product names with an easy-to-follow numeric system. The higher the number, the higher the level of protection—it's that simple.

Patch Shape

The first thing you'll notice is the shape of the patch. All garment patches are in the shape of a stop sign. However, each brand is designated by its own unique color. DuPont™ ProShield® is gray, DuPont™ Tyvek® is blue and DuPont™ Tychem® is orange.

Global Availability

No matter what part of the world you're working in, you'll have peace of mind knowing the same performance and protection standards apply.

Product Identification Number

The number within the patch indicates the garment's level of protection. The higher the number, the greater the protection.

Familiar Part Numbers

You can continue to use the familiar 16-digit part numbers, also known as SKUs, to place orders. Package quantities will also remain the same.

Sample part number
TY122SWHXX002500

Original

New

 Tychem® Reflector®	 Tychem® 10000 FR
 Tychem® TK	 Tychem® 10000

LEVEL OF PROTECTION ↑

D = Dual FR = Flame Resistant SFR = Secondary Flame Resistant

Wear with confidence.

Helping to reduce the risks with DuPont Personal Protective clothing.

Whether the job is performing asbestos abatement, applying insulation, or handling industrial chemicals, DuPont understands the risks. That's why we've developed protective clothing engineered to help keep workers safe while performing their jobs.

DuPont™ SafeSPEC™

Different jobs require different levels of protection. The DuPont™ SafeSPEC™ online tool helps you find what's right for you. Browse and compare products by brand, design or certification. The easy-to-read content, product images and technical data—including permeation results—allow you to make informed garment choices.

Now for mobile, too.

DuPont™ SafeSPEC™ for Mobile gives you all the same features and garment selection help on your mobile device. Available now from the App Store® and Google Play™.
