

# ALTAIR® 4XR Multigas Detector

## RUGGED

- Can survive a 25-foot drop
- Certified military-grade repeated drop test protection (MIL-STD-810G)
- Agency-certified IP68 rating for dust and water ingress (2 meters for 45 minutes)

## RELIABLE

- Full 4-year standard warranty — a year longer than the industry average
- MSA XCell® Sensors offer superior speed, stability, accuracy and repeatability
- < 15-second sensor response, clear and bump test times

## REAL-TIME

- Get real-time event notifications via the MSA ALTAIR Connect app
- Check for bump test compliance at a glance thanks to the Bump LED

Save Time,  
Money,  
and Lives
