

Cylinder 4500 psi 30 minute Carbon with Valve

Part Number 4055700

Drawing not to scale

Construction: Aluminum Liner with Carbon Fiber Composite Wrap and Epoxy overcoat

Operating Pressure Rating: 4500 psi

Breathing Air Duration (NIOSH): 30 minutes @ 40 L/minute

Cylinder Capacity: 45.3 SCF / 1283 Liter

Weight of air: 2.8 lbs. / 1.3 kg

Cylinder Size (w/ valve): 23.0" L X 5.4" D / 58.4 L X 13.7 D cm

Cylinder Weight (w/ valve): 10.7 lbs. / 4.9 kg

Hydrotest Requirements: Every 5 years
(For Cylinders Manufactured after July 1, 2001. Cylinders manufacturer prior to July 1, 2001 maintain their 3 year hydrotest schedule until next test and then convert to 5 year schedule)

Maximum Cylinder Life: 15 years

Valve Fitting Size: CGA-347

Valve Part Number: 4052012

DOT Exemption Number: E-11194

Transport Canada Number: SU 5303

Compatible NIOSH SCBA: ProAir, ProAir Evolution, PSS97

Compatible NFPA SCBA: AirBoss, AirBoss Evolution, AirBoss PSS100 and Plus Series

Color: Blue
