Great for sanding lap siding

DiscBuddie™

Dustless Technologies®

We give you
better ways to
deal with dust

Model D1000
Fits Makita GV5000 & GV5010

Comes with 18"
Flexible Hose

The DiscBuddie™ is a point-of-origin dust control shroud that meets EPA RRP requirements ONLY if it is used with a certified HEPA vacuum that is specifically designed for hazardous materials. It can be used to capture non-hazardous dust with any high-quality shop vacuum.

- Fast and easy to install
- Adjustable angle for operator convenience
- Clear polycarbonate for superior visibility
- Durable poly-carbonate (bullet-proof glass material)
- 1-1/2" long brush on edges for superior dust containment
- Great for sanding lap siding
- Captures up to 99% of airborne dust
- Point-of-origin dust control shroud
- Attaches quickly and easily
- Fits Makita GV5000 & GV5010 7" disc sander

DiscBuddie includes:
1 Dust shroud
1 releasable zip tie
1 18" hose
Retail ready box

WARNING! If using this product in the removal of lead paint, a Dustless® HEPA vacuum must be used. The removal of old paint may generate dust or fumes that contain lead. Exposure to lead may cause brain damage or other adverse health effects, especially in young children and pregnant women. Follow all federal, state and local laws including the U.S. Environmental Protection Agency's Renovation, Repair and Painting law or similar state law.
