Arc Flash Blankets

Oberon's Arc Flash Blankets are produced and tested in accordance with ASTM F2676 standards. The blankets are the perfect solution for use in tight spaces such as underground vaults or to create a barrier between the worker and a potential arc flash hazard. The blankets come with arc tested mounting straps and storage bag. Three break-open thermal protection levels are available 15kA (BTP 181), 25kA (BTP 276), and 40kA (BTP 468).
