The **Workplace Hazardous Material Information System** (WHMIS 2015) course is designed with the objective of creating a safer work environment by providing applicable awareness and knowledge to the worker. The course is intended for those who are required to work with controlled products to perform their assigned tasks. This is a 4 hour course that includes theory only. Competency will be measured with an exam. Upon successful completion of this course, participants will receive a certificate of attendance for WHMIS 2015 Awareness Training.

### Course Outline

*Prerequisite: None*

*Course duration: 0.5 days (4 hours)*

#### TOPICS INCLUDE

- What is WHMIS?
- Transitioning from WHMIS 1988 to WHMIS 2015
- How hazardous products are classified in WHMIS 2015
- Overview of WHMIS 2015 pictograms (10)
- Supplier and workplace labels
- About safety data sheets (SDS)
- Physical hazard groups (19)
- Health hazard groups (12)
- Hazard classes
- First Aid/Fire/Spills/PPE
- Global Harmonized System (GHS)

#### UPON COMPLETION, THE STUDENT WILL:

- Understand WHMIS 2015 OHS regulations (WorkSafeBC) and how they apply to employers, suppliers and the workers at the workplace
- Be able to identify the 10 pictograms and understand the hazards associated with each
- Be able to identify supplier and workplace labels and the information required for each
- Understand the purpose of 16 section of safety data sheets (SDS)

#### TRAINEE QUALIFICATION

- Evaluation and determination of the trainee's knowledge retention by means of a practical exam
